

**POWERAMP HAS BEEN THE LEADING ONE-SOURCE MANUFACTURER OF HIGH-QUALITY LOADING DOCK EQUIPMENT FOR OVER 50 YEARS.**

*Poweramp manufactures a complete line of loading dock equipment including hydraulic, mechanical and air powered levelers, portable steel yard ramps, safety vehicle restraints, seals and shelters, and accessories. You can completely outfit your entire loading dock area with Poweramp's comprehensive line of loading dock equipment.*

### An Industry Leader

For more than 50 years, customers have relied on Poweramp to deliver safe and efficient loading dock equipment. We continue to develop new products and designs to address an ever changing landscape in building design, end-user requirements and dock safety regulations.

### Commitment to Customers

Poweramp's goal is to provide customers with safe and efficient loading dock equipment. We are dedicated to developing the most innovative material handling solutions through research, engineering, manufacturing and marketing of the finest loading dock equipment available.

In conjunction with our parent company, Systems Incorporated, our nationwide network of distributors can satisfy all your loading dock needs.

**Poweramp offers you the convenience of one-source buying for...**

**PR Series Hydraulic**

### Dock Levelers

**PowerHook®**

**HM Series Mechanical**

### Vehicle Restraints

- PowerHook® automatic vehicle restraint
- PowerHold® automatic vehicle restraint
- TPR™ automatic vehicle restraint
- PowerStop® automatic vehicle restraint
- PowerStop® manual vehicle restraint

**PowerHold®**

**CA Series Air Powered**

Since the material handling chain begins and ends at your loading dock, efficient dock equipment is vital to the success and cost effectiveness of your business.

Poweramp offers a wide range of hydraulic, air powered, mechanical, vertical storing, edge-of-dock, specialty dock levelers and yard ramps. All Poweramp levelers are designed with a focus on structural integrity, reliability and safety. We can customize your loading dock to meet your specific requirements.

**TPR™**

**VS Vertical Storing**

With a vehicle restraint you can dramatically limit "trailer creep" maintain leveler lip purchase on the truck and substantially reduce the possibility of "premature departure" and "landing gear collapse". Along with providing a safe environment for your dock personnel.

**PowerStop®**

POWERAMP HAS BEEN THE LEADING ONE-SOURCE MANUFACTURER OF HIGH-QUALITY LOADING DOCK EQUIPMENT FOR OVER 50 YEARS.

Yard Ramp

Poweramp offers you the convenience of one-source buying for...

**Portable Ramps**

- Yard Ramp

**Fairborn Premium Seals and Shelters**

- Fixed and adjustable head seals
- Fixed and flexible frame shelters
- Special seals for unique applications

**Allied Solutions Aftermarket Products**

- LED light upgrades
- Phoenix FLEX LED docklite®
- Dock Signs
- Track Guards
- Dock Bumpers
- Wheel Chocks
- And many more products

Poweramp's portable steel yard ramps allows traffic to move from dock level to the driveway or from the driveway into the back of a truck, making loading/unloading flow smoothly.

Poweramp offers a complete line of Fairborn Premium brand dock seals, shelters and rail car enclosures, including 1000 and 1400 series compression seals, 2000 series rigid style dock shelters, 2200 series soft sided shelters and 2500 flexible shelters. These dock seals and shelters are custom designed to fit your building opening and the trucks you will be servicing.

Dock seals and shelters save energy dollars while providing bug and rodent protection at the loading dock area during material handling operations.

The Allied Solutions division of Poweramp provides all of the extra items used at the loading dock.

Allied Solution products can help you improve your loading dock's efficiency and productivity with its comprehensive line of aftermarket products. These products will protect your employees from dock-related accidents and enhance your loading dock communication and safety. Our products are designed to reduce damage and increase productivity at the loading dock.
